

Update on Florida Realtors• and NABOR Forms

Florida Realtors• 2024 President, Gia Arvin, has advised that the changes to Florida Realtors• forms, to comply with the NAR settlement, should be released by mid-June. Also, the effective start date of the settlement terms has been pushed back to Aug. 17th.

The NABOR Legal Resources Task Force and full committee are continuing to work on the forms that need revision to comply with the NAR settlement. Due to new information and clarity provided, some forms are needing to be revised further, therefore, we anticipate that we will be ready to release NABOR's forms updates, approximately one week after Florida Realtors• release, but no later than end of June.

We'll keep you informed of any other updates or changes.
